

Muslims all over the world must unite and voice their objections and protest to these despicable acts of the IOF

The Muslim Brotherhood will not stand and witness the indecent and barbaric violations committed on the Aqsa's sacredness; it is the duty of Muslims all over the world to unite and voice their objections and protest to these despicable acts of the Israeli occupation force.

In a statement on current incidents taking place in Jerusalem and in particular the Aqsa mosque Dr Mahmoud Ezzat stressed that "The Palestinian issue has been and always will be a major issue as long as the Israeli's occupation forces continue in their barbaric ways. We witness daily the obstinate, indecent and offensive measures in which they defy not only the sanctity of Alaqsa but also the most meager of all rights; the rights of freedom and the right to simply exist. The IOF offensive on all that is holy and consecrated will not deter the Palestinians who have no choice but to protect it with all their might, in fact it isn't an option but rather an obligation not only for the Palestinians but for all Muslims. It is the duty of the entire Muslim nation to unite and assist those who literally stand in the face of the IOF's weaponry and aggression". Dr Mahmoud continued to emphasize that the real change had to begin within each individual therefore it is significant that each and every man, woman and child endeavour to improve themselves which will result in improving society and consequently the Muslim world.

Ezzat claimed that the Muslims will not be fooled by any hearsay by Obama or anybody else who sweetly laces their dialogue. Positive actions will be the defining factor which will prove the good-will of all. Unfortunately what is currently taking place in regards to Alaqsa's mosque is not a first and measures must be taken to halt these ignorant invasions.
