

Muslim Brotherhood condemns the murder of Shireen AbuAqleh by the Zionist occupation

In the strongest possible terms, we condemn the murder of the Palestinian journalist Shireen AbuAqleh by the Zionist occupation. Shireen is known to the Arab people as a free journalist who voices the just Palestinian cause.

Shireen was murdered on the field of duty, documenting in her voice, picture, and words the occupation's crimes while attempting to storm Jenin's resisting camp.

Murder is the tool of every coward, whether an invader or an infiltrator, to silence the free and advocates of the oppressed or the distressed.

We forward our sincere condolences to the Palestinian people, Shireen AbuAqleh's family, Aljazeera network, and the free Arabic press.
