

Resilience of the resistance and alignment of Palestinian people change the equation

In the course of developments of Operation Al-Aqsa Flood, the Muslim Brotherhood (MB) hails the resilience of the valiant Palestinian resistance, and the resilience of the Palestinian people and their adherence to staying on their land, rejection of displacement, and alignment behind the resistance. Here are signs of victory looming under the resistance blows against the Zionist aggression machine, and scenes of defeat and military failure pervade social media networks. Here is the public opinion expressed by peoples of the world, refuting the lies of the Zionist propaganda machine, and siding with the Palestinian right, after witnessing the genocide crimes against the people of Gaza.

This, in turn, reflected on the American and Israeli statements regarding the targets of the war, which have clearly announced in a press briefing on its official website that it [U.S. State Department](#) been declining day after day. The does not support the reoccupation of Gaza, stating that "Gaza is Palestinian land and it will remain Palestinian land".
