

The Assault on Kamal Adwan Hospital Is A Brutal Crime That Requires International Prosecution

In the name of Allah, Most Gracious, Most Merciful

Allah Almighty said: ﴿ Then, your hearts were hardened after that and became as stones or even worse in hardness...﴾ (Al-Baqra: 74).

The Muslim Brotherhood once again condemns the crimes committed by the Zionist occupation against the Gaza Strip, with its brutality escalating up to bulldozing and burying the wounded and injured alive, under the chains of bulldozers, in Kamal Adwan Hospital, and abusing the displaced and the bodies of the martyrs, in a heinous crime and an unprecedented level of criminality and terrorism, which requires international prosecution.

Targeting hospitals, medical staff, and paramedics, as well as journalists, has become almost daily crimes committed by the Nazi occupation, in pursuit of dissemination of terrorism and in attempt to hide its crimes.

The Brotherhood emphasizes that the Zionist occupation is practicing genocide and ethnic cleansing in their severest forms; and that it is still committing these crimes with participation and blessing of the United States, which requires continued exposure of its practices, publication of its crimes, and prosecuting it for committing these crimes.

The Muslim Brotherhood also stresses that showing this brutality in killing civilians has become the Zionist occupation's recurrent response to the military defeats that its army suffers on a daily basis at the hands of the

Palestinian resistance, and to its heavy losses in officers, armoured vehicles, and tanks. In fact, the occupation fears accountability internally and externally as soon as the war stops, which requires taking all procedures to stop this war.

To conclude, the Brotherhood calls for continuation of the popular escalation across the world by organization of demonstrations against the occupation, standing by the Palestinian people in their plight, supporting them with all possible forms of support, and continuing to expose the crimes of the occupation.

Meanwhile, the long duration of the ordeal should not make one become accustomed to it, considering it something normal. The conflict is long, the war is raging, and its fire has not yet been extinguished.

Therefore, the flame of the Liberals' enthusiasm should not be extinguished, rather it should remain glowing in support of our people in Gaza and Palestine.

Allah Almighty says: ﴿ ... And Allah will surely support those who support Him. Indeed, Allah is Powerful and Exalted in Might.﴾ (Al-Hajj: 40).

Allah Is the Greatest, and Praise Be to Allah.,
