

MB: We condemn the aggression against Syria and demand an Arab and international stance against the Zionist entity

The Muslim Brotherhood (MB) strongly condemns the brutal Israeli aggression against Syria, which has left several deaths and injuries after the barbaric bombing that targeted the Tadmur military airport and other sites in the Homs countryside and the western Daraa countryside.

The MB affirms that this criminal escalation (from Israel) is a flagrant violation of concluded agreements, international laws and norms, as well as an assault on sovereignty and a continuation of the occupation's approach to aggression against Arab countries, with a green light from the US administration amid international silence.

In this regard, the Brotherhood calls on the United Nations and the Security Council to take immediate action to halt these crimes and Israeli thuggery against the peoples of the region.

The Muslim Brotherhood also calls on Arab leaders to assume their responsibilities, take practical positions to compel the enemy to halt its arrogance, allow their peoples to express their anger through legitimate means against repeated Israeli violations, and reject the aggression against Arab countries.

May Allah Almighty protect Syria and its people
