

MB: We congratulate the Sudanese people on the liberation of Khartoum

The Muslim Brotherhood (MB) extends its sincere congratulations to brotherly Sudan, both government and people, on the occasion of the liberation of the Sudanese capital, Khartoum, from the remnants of the externally backed Rapid Support Forces (RSF) militias.

This victory comes during the month of victories, Ramadan, a step that pleases all Arabs and Muslims, especially after the liberation of Damascus from tyranny.

This confirms that our nation is still vivid, and that peoples are capable of breaking the shackles and regaining their will, no matter how long the aggression and tyranny may persist.

In this regard, we commend the bravery of the Sudanese army and the popular forces that contributed to this great victory.

We also pray to Allah Almighty to complete the victory by cleaning all Sudanese territories of its internal and external enemies.

Allah is the Greatest and to Allah all praises belong.
