MB: Congratulations to our high school students in Egypt!

The Muslim Brotherhood (MB) extends its sincere congratulations to Egypt's high school students, both male and female, who have passed a significant stage in their academic lives, after having exerted great effort in acquiring knowledge, despite the exceptional circumstances and difficult challenges they, like all Egyptian citizens, are facing.

In this regard, the Brotherhood would like in particular to congratulatethe top students, the outstanding ones, and all the brilliant individuals who realize the value and merits of knowledge, as well as itssignificance in improving their lives and the lives of others. Allah Almighty says in Surat Al-Mujadilah: {...Allah will raise those who have believed among you and those who were given knowledge, by degrees. And Allah is Acquainted with what you do.} (Al-Mujadilah: 11).

The MB affirms that it is individuals like these who will make a difference in the future, lead change, and produce scientists and builders of civilization. In fact, they are the nation's pillars on the path to liberation and progress. Allah Almighty says in Surat Al-Rahman: { O company of jinn and mankind, if you are able to pass beyond the

regions of the heavens and the earth, then pass. You will not pass except by authority [from Allah].} (Al-Rahman: 33)

May Allah Almighty protect Egypt's students as a treasure for its present and future.
