Condemnation and Due Condolences

The Muslim Brotherhood (MB) condemns the treacherous Israeli aggression and the heinous crime that targeted Yemeni leaders affiliated with the government emanating from the Ansar Allah movement.

In this regard, the Brotherhood prays for mercy to the souls of the martyrs who rose in the fields of honor in Yemen, Syria, and Lebanon in the course of providing support and backing for Gaza. The MB prays to Allah Almighty to accept them among the martyrs and to grant them a place in His spacious heavens, and to inspire their families with patience and solace.

The MB also emphasizes that all those who supported Gaza and stood by it have a credit owed to them by the entire nation; and that the Zionist enemy is practicing widespread bullying and aggression in the region targeting all without discrimination based on religion, sect, or race.

In the face of these ongoing crimes, the Brotherhood calls on the nation's governments, peoples and all its political, intellectual, and sectarian forces to unite, reject any internal differences, and rally around a single goal, that is, to deter the Israeli aggression and compel it to halt its war of extermination against Gaza and its resilient people.

The MB also recalls that the Palestinian cause will remain the central issue that must unite the whole nation and unify its ranks in the face of aggression, until freedom, dignity, and independence are achieved for its people.

Allah Almighty says in Surat Al-Baqarah: ﴿...but give good tidings to the patient; who, when disaster strikes them, say, "Indeed we belong to Allah, and indeed to Him we will return".﴾ (Al-Baqarah: 155-156)
